

DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 2.

MARYVILLE, MISSOURI, SATURDAY, JUNE 17, 1911.

NO. 12.

3 PLANS PRESENTED

TO COUNCIL BY WHICH THE CITY COULD SETTLE WATER QUESTION.

STREET'S PLAN IS BEST

So Many of the Citizens Think—No Action Taken, But Will Come at a Later Meeting.

Manager G. B. Roseberry of the City Water company made two propositions to the city at the council meeting Friday night in regard to settling the water question of Maryville, which has been discussed for some years, as the present company's franchise ran out a few years ago, and they are now doing business without a franchise.

What the Two Propositions Are.

The first one spoken of by Mr. Roseberry was that the company would sell out to the city at a reasonable price. To determine the value of the plant, three appraisers are appointed, one by the city, one by the City Water company, and these to select a third. For the city to buy the plant, would take a two-thirds vote of the voters.

The second proposition was that the City Water company be given a franchise for twenty years, at rates which would give them reasonable returns on their investment. "To do this the company would have to have," said Manager Roseberry, "fifty cents for a thousand gallons, seventy-five cents minimum rate, and twenty-five cents for meter for customers who do not own their meter. These would be the lowest prices that the water company will take."

Manager Roseberry, before he presented his two propositions, said:

"A misunderstanding exists in the minds of some of the people that the company is making the water muddy in order to get a franchise. This is not true, and the condition of the water in the spring will never be any better until the city does something. For several years past the water has been in this condition in the spring. We want to sell out to the city, and would rather do this than to accept a franchise."

A Proposition from Street.

A letter from C. F. Street, president of the City Water company, makes a third proposition.

The letter of Mr. Street to the council follows:

"For two or three years the water company has been engaged in an effort to interest the citizens of Maryville in the water supply problem, and to impress upon them the necessity of giving the matter serious attention."

"We are informed that the subject is now being investigated by the city council, and that a decision by the city may be expected at an early date."

"It is evident that some action is urgently necessary, and we believe there is no subject which more nearly concerns the welfare of the city or which more imperatively calls for your attention at this time."

"We believe it is generally understood that our business in Maryville has never been profitable, and that this is one reason why the company is unable to raise funds to meet the requirements of the business."

"Municipal ownership is now very general throughout the country, and it seems clear that in the case of Maryville the burden must before long be assumed by the city."

"Under the laws of your state pro-

vision has been made for a direct purchase of a property such as ours, or for the issuance of mortgage bonds under the terms of a law passed in 1905, and we wish to assure you that if you desire to acquire the property we are prepared to co-operate with you in every possible way, and are also prepared to accept a reasonable price for the plant."

"If at any time you desire an appraisal we will be glad to furnish you with all the information we possess, as to both the physical and financial condition of the property."

"Respectfully,
"CITY WATER COMPANY.
"By C. F. Street, President."

Street's Plan a Good One.

The city council did not take action on these propositions, deferring it until a later meeting. The proposition of Mr. Street, president of the water company, proposes to sell the plant to the city under laws passed in 1905, which in brief provides that the plant is taken over by the city and a mortgage on the plant, and the plant only, is taken by the water company for the purchase price.

The management of the plant would be under the control of a board of commissioners, appointed by the mayor and city council, composed of three men, and it must be bipartisan. The provisions of the statutes as to the conduct of the business of the water plant after it is thus taken over are thoroughly business-like in every detail.

The mortgage and bonds given in payment for the plant are expressly not a general or personal obligation of the city, and if for any reason the city should be unable to successfully conduct the plant, it would simply revert to the former owners.

It seems to us that this proposition should point a way to the solution of the water problem. As against the franchise which the water company desired, it appears there is room for the city to conduct the business at a considerable saving, as the item of state and county taxes would at once be eliminated, and what are designated in the proposed franchise as "administration expenses" would also be eliminated.

A majority vote is all that is required under this law as against the usual two-thirds.

We are unable to see where the city takes any chances under this proposition, and since it creates no general or personal tax levy in any way, and therefore in no sense increases the taxation, it would seem there would be little opposition to the plan.

We shall hope to see the mayor and council get busy at once with a thorough consideration of the Street proposition.

"In the course of the next few days further details of the proposition will be fully discussed in The Democrat-Forum."

WOODSON SMITH WINS ANOTHER SUIT

(Kansas City Star.)

The sixth of sixteen suits brought by Woodson Smith against insurance companies that refused to pay policies on his hat store, burned a year ago, ended in the circuit court today with a verdict awarding Mr. Smith \$2,180 against the Reliance Insurance company of Philadelphia. Mr. Smith sued for \$1,800, the amount of the policy, \$200 attorney's fees, and 10 per cent of the policy as damages for "vexatious delay" in the payment of the claim.

Of the six suits tried Mr. Smith has won five. The total of the insurance money sued for is \$47,000.

Here from Oklahoma.

Mrs. John M. Signs of Coyle, Okla., arrived in Maryville Saturday noon, and with her husband and father-in-law, George W. Signs, are guests at the Linville hotel. They will leave next week for their new home at Coyle.

Returned from West.

John H. Anderson returned Saturday noon from a ten weeks' trip in the Northwest and on the Pacific coast. He says Missouri still looks good to him.

Mr. and Mrs. Eugene Schnauber and little son, Harry, of Clarinda, Ia., arrived in Maryville Saturday on a visit to Mrs. Schnauber's brother, Roy Weaver, and family, at 703 East Seventh street.

Hammocks at best values at Crane's.

NINTH OPENED AGAIN

ANOTHER ORDINANCE ADOPTED AS FIRST WAS NOT LEGAL.

NO "WHITE WAY" ACTION

Several Matters Taken Up by the City Council at Friday Night's Meeting.

A meeting of the city council was held Friday evening and several important matters were discussed and action deferred on some of them.

Manager C. C. Hellmers of the Electric Light company presented to the council the cost of the "White Way," or the new lighting system that many of the citizens are in favor of having installed here. Manager Hellmers, in speaking of it, said:

"We will set up the posts and do the work at cost. The posts will cost set up, the freight being paid, about \$45, and then to lay about 100 feet of wire, which will be under ground, it will cost \$21. The cost for five blocks for eight lamp posts to the block will be \$2,500, or \$500 a block. For instance, if you decided to have the "White Way" for five blocks on Main street it will do away with four arc lights, and therefore we can take down the overhead wires and also the poles. The cost per year of the light, maintaining it and also cleaning out the lamps every few weeks, will be \$35 for all the lamps turned on until midnight and one the balance of the night. Or, if you want all the lights turned on until 10 o'clock, and then one the rest of the night, it will cost \$28.00. If the city thinks best they can buy the lamp posts direct and probably be able to save some on doing the work in setting them up. But it would be necessary for the light company to lay the wires and make the connections."

After a brief discussion the board decided that Mayor Robey should see a number of citizens in regard to the matter and see if some proposition could be arranged whereby the property owners would be willing to pay for part of it. Mayor Robey will report at the next meeting of the council.

An ordinance for the opening of Ninth street was again adopted. On account of the first ordinance not being legal it was necessary for the council to pass another one. Ninth street will extend to the Normal property, and from there the Normal intends to lay out a road. In the ordinance it provides for five commissioners to assess damages and benefits, and named as the benefit districts, between Prather avenue and Eighth street, extending to Mulberry street. The following were the five commissioners appointed: Nic Sturm, S. G. Gilliam, J. F. Cook, Henry Hudson and Ed Curfman.

F. C. Conrad was selected by the council.

An ordinance was presented by Captain E. S. Cook of the Airdome theater making the license \$25 per year for all airdomes. The airdome is now paying \$2 a day for license, and Captain Cook says that it is too high. The ordinance was defeated, Aldermen Conrad, Foster, Gram and Hooker voting against it, and Aldermen Ford and Herndon voting for it.

Another car load of cement will be ordered by the city for street crossing work.

HAIL STORM NEAR CLEARMONT

A severe hail storm east of Clearmont Thursday night cut down the corn and did considerable damage to other vegetation. Hail stones fell that were all the way in size from hazelnuts to walnuts.

Latest Post Cards, 1 cent each, at Crane's.

WAS MARRIED IN KANSAS CITY WEDNESDAY

Orin Airy, youngest son of Mr. and Mrs. John W. Airy of this city, and Miss (Joe) Edith Tolliver of Bethany, Mo., were married Wednesday, June 14, in Kansas City, at the home of the bride's sister, Mrs. Fred Petty. Rev. Young, pastor of the Christian church at Bethany, performed the ceremony. The bride used to make her home in Bethany with Rev. and Mrs. Young.

Mr. and Mrs. Airy are well known in Maryville, as the groom was reared here, and his bride attended the State Normal and Maryville Conservatory several years. It was in this city, while she was attending our schools, that Mr. Airy met his wife.

Their many friends in this city wish them a happy and prosperous wedded life. They will live in Kansas City, where Mr. Airy has a nice position.

A GENERAL RAIN FALLING SATURDAY

A thunder shower came up Friday evening that cleaned the walks and laid the dust about town and cooled the extreme sultriness that had existed all day. There was a good breeze through the night, so everybody could rest.

Saturday morning a drizzling rain began falling at about 7:30 o'clock and has continued. People coming in on the trains from over the county report rain where they came from, so the showers seem to be general. If the rain continues it will be the best thing that has happened in many a day and will save the gardens and promote the favorable conditions for a great corn crop.

Lightning struck one of the cottonwood trees on the lawn of S. M. Redfield, North Mulberry street, during the shower Friday evening, and sent out big chunks and slivers of wood from the top of the tree in every direction. No other damage was done, except to frighten the residents near by and scare some little boys home out of the street, who were playing and seeing who could stay out in the rain the longest.

ON THEIR WAY TO PACIFIC COAST

Mr. and Mrs. W. Arch Sayler and little son, until recently of Clarinda, Ia., are in Maryville on a visit to Mr. Sayler's parents, Judge and Mrs. J. H. Sayler. Mr. Sayler has disposed of his interests in the National bank of Clarinda as its cashier, and in company with his family will start soon on an extended trip through the west, with a view of locating. They will also visit Mrs. Sayler's mother, Mrs. Fayette Smith, at Modesto, Cal.

IS TEACHER IN SCHOOLS IN PAOLO

Miss Katharine Ferguson of Paola, Kan., a State Normal student, went to Stanberry Saturday to visit over Sunday with her sister, Mrs. S. W. Hathaway.

Miss Ferguson is specializing in the study of art this summer. She is a teacher in the public schools of Paola, and is re-elected for the coming year.

CONSERVATORY QUARTET TETTE MADE A HIT

The Conservatory quartet, P. O. Landon, Lona Perrin, Harry Mutz and Orlo Quinn, sang in assembly at the State Normal Friday morning and made a big hit with the students and faculty. A member of the faculty said they gave as good numbers and rendered them as well as college quartets of big reputation he has heard. Of course they did.

Visited His Granddaughter.

George Litts returned to his home in Barnard Saturday morning, after a several days' visit with his granddaughter, Mrs. F. E. Whitechurch, and family at 1201 East Second street.

Miss Maud Clark and Roy Collins went to Savannah Saturday evening to remain over Sunday with Miss Clark's grandmother, Mrs. William Cobb, and her aunt, Mrs. Mary Griffith.

WON GAME EASILY

LOCALS DEFEATED NEBRASKA CITY BY SCORE OF 9 TO 2.

CLARINDA LOST GAME

Again Tied Maryville and Clarinda for Second Place—No Game Today.

Auburn 8, Clarinda 2.
Falls City 9, Shenandoah 0.

Where They Play Today.

Maryville-Nebraska City game to be played on Sunday.
Auburn at Clarinda.
Shenandoah at Falls City.

Rotten support behind Miller and good sticking by the Comets tells the story of the second fight with Nebraska City, 9 to 2. With a good lead of three runs in the first, Nebraska City pounded out three hits in the third, scoring twice with only one down. Cowley pitched himself out of this hole, but as he was getting weaker all the time Wise was put in after Cowley had walked the first man up in the fourth. Four hits had been snatched from Cowley, but Johnny finished his six innings with only three being taken from him. Miller was hit nine times and a total of eight errors by his teammates helped shove him down to defeat. Sackett's error in the ninth alone prevented an outright game by the Comets, but as Nebraska City gained nothing in the end by it, the ship didn't matter.

The first trio of counters for Maryville came in a rush at the first. With one down Dietz singled and stole second. Wintz made first on an error and Cook singled, registering Dietz. Hicklin let Cook's single roll past him in center, allowing Wintz to ring in and landing Cook on third. Walsh poled a long fly to right, which Bradley dropped, throwing Walsh out at second, however. Meantime Cook kicked up the dust on the last ninety feet of ground. DeCamp finished the inning by chopping out.

The fans were given some heart throbs in the third when the visitors began bruising the ball. Nemow doubled to right as a starter. Herman popped out to Walsh. Cowley gave Miller free transportation and Bradley singled, filling the bases. Phillip poled out a safety, scoring Nemow and Miller. Mann and Hicklin gave the signal for the curtain, flying out to Walsh and Sackett.

The sixth presented Dietz's army with another set of triplets. Wintz singled and was advanced to second when Phillips failed to handle Cook's grounder. Walsh singled, loading the corners. DeCamp popped one to third. Bacom singled, scoring Wintz. Woodruff fumbled Black's grounder and another tally was scratched up. Wise fanned and another error by Phillips furnished the last of the triplets. The gate was shut when Dietz was cut off at first.

The third three twins came in the eighth. Black walked and went to second on Wise's sacrifice. Sackett was hit by a pitched ball. Dietz singled to right and again the corners were crowded. Herman made a bad peg and run number seven hit the plate. Wintz singled, scoring the two ahead of him. A fly to right by Cook and chop stick movement by Walsh finished the win.

In the next inning Nebraska City filled the bases with two down, and it looked as if they might score, but the confidence of a lead of seven runs kept the Comets steady. Wintz catching Bradley's liner for the third out.

Sackett. Left on bases, Nebraska City

7, Maryville 8. Time, 1:45. Umpires,

Barada and Sage.

Notes.

We won and Clarinda lost. We'll

soon be crowding Falls City.

The fans shouted for Wray in the

ninth, but Captain Dietz refused to put

him in the box. Wray will probably

not be used until away from home,

which is the best thing to do, too.

Barada got away good yesterday.

There was less kicking on his decisions

on strikes and balls than any

other umpire has had this season.

The players almost went to sleep on

their benches yesterday, they were so

quiet. They will soon be asking for

feather beds.

The Comets have at last discovered

the mystery of the southpaws. Just so

they keep on with the research work,

especially if Willford pitches against

them Sunday.

Clarinda Easy for Auburn.

Clarinda, Ia., June 17.—Auburn, by

timely hitting, took yesterday's game

from the home team. The score:

R.H.E.

Clarinda 000100010—2 10 3

Auburn 201010400—8 12 5

Batteries—Walters and Harmony;

Zanderman and Musser. Umpire—Kis-

sane.

Makes Nine Runs in First.

Falls City, Neb., June 17.—Hard

clouting, combined with Shenandoah's

error in the first inning, won yester-

day's game for Falls City. Score:

R.H.E.

Falls City 900000000—9 7 1

Shenandoah 000000000—0 2 4

SHOULD BE ADVERTIZED AS A SUMMER RESORT

Maryville should be advertised as a summer resort, a great watering place. If you don't believe it stay downtown some night and watch the fun. We'll not say anything about it, but if you want to know ask Frank Reuillard, Dr. Harry Stinson, Ed Williams, Will Phares, Magnus Tate or any other suspicious looking person.

Miss Marie Loftus of St. Joseph.

who is a student of St. Joseph's academy at Clyde, was shopping in Maryville Saturday.

The Weather

Unsettled weather with showers to night or Sunday; cooler tonight.

WALTHAM

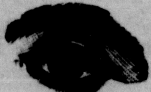

is the best watch for the motorist for the same reason that makes it the preferred watch on all the great Railroad Systems. It keeps accurate time in spite of the vibration and jar from moving machinery and fast traveling.

"It's Time You Owned a Waltham"

We have a complete stock of Waltham watches in all grades at all prices. Come in and talk with us about a watch.

Crane's

DR. FINN

Treats eyes with glasses only. He can give you 5,000 references in Maryville and Nodaway county. Ask your neighbors about Finn's glasses that make weak eyes strong.

Cowherd Not a Candidate.

(By the Democratic Publicity Bureau.)
It is not generally known among Democrats out in the state that Governor Hadley inspired the dispatch sent out from Jefferson City recently announcing the candidacy of Hon. William S. Cowherd for governor. Democrats thought it strange that the announcement should come from a correspondent noted for his loyalty to Hadley, but it did not appear that the governor fathered it. It now appears that the announcement was entirely unauthorized and was in reality brought to Jefferson City by Governor Hadley.

Mr. Cowherd, than whom no better Democrat lives, has just written a letter to Senator Fields from which we quote the following of interest to every Democrat in Missouri because of the loyal party spirit it breathes:

"I do not intend to get into any fight for nomination for governor, and I have come to this conclusion for many reasons. While I would, as a matter of course, appreciate the honor of being governor of Missouri, and all the more because of my defeat in the last campaign, yet from a financial standpoint, it would be a great sacrifice; furthermore, I am exceedingly loath to put myself in the position of seeking the place as a matter of personal ambition regardless of whether it is the best thing for the party's interests.

"I realize that a campaign such as was waged the last nomination must necessarily have left many sore spots, and the fight made on me for election has quite possibly estranged a good many Democrats. Under these circumstances I feel that there may be a question among good party men whether I am a proper person to nominate.

"I do not want to be in the position of seeking nomination as a sort of personal vindication, and obtain it on that kind of a sentiment when it might be disastrous to the best interests of the party. If the nomination were tendered me, which I consider under the present situation utterly improbable, if not impossible, I would be glad to make the race, but I shall not get into a scrap with a lot of other Democrats, and go out into another bitter fight for nomination, leaving a lot of sore spots to turn up afterward to the party's detriment."

The letter speaks for itself, and the entire incident of the unauthorized announcement should put Democrats on their guard. The hope of the Republican party in Missouri is to stir up strife among the Democrats so as to rend the party with dissensions. They are not only trying to do this among the friends of gubernatorial candidates, but they are also trying to cause trouble between the friends of Mr. Clark and Mr. Folk over the presidential situation. It behooves every Democrat to be wise in his day and generation. Do not let the Republicans stir up a Democratic row anywhere along the political line. The admirable spirit of Mr. Cowherd's letter is worthy of imitation—keep the interest of the party paramount and do nothing that will jeopardize the success of the Democratic ticket in Missouri next year. Steady, boys, all along the line, hold the Democratic vessel level.

Mrs. A. J. Luppold and son, Stewart, returned Friday evening from a visit with her parents, Mr. and Mrs. Olson, at Red Oak, Ia.

Miss Anna Davenport and her brother, Master Donald, went to Bolckow Friday evening to visit their grandfather, David Lilly.

MORE PAY FOR ARMY AVIATORS

Enlistment of 100 Special Operators Also Contemplated.

RESULT OF KELLY'S DEATH.

In the Armies of Europe Officers Detailed to Aviation Duty Are Given 10 Per Cent Extra Pay—Special Act of Congress Necessary.

Increased pay for army aviators is likely to be one outcome of the accident at San Antonio, Tex., that resulted in the death of Lieutenant G. B. M. Kelly of the flying squad. This is a matter that has been settled in the armies of Europe, where aviation is ranked as extra hazardous duty and the officers who have been trained in aviation are given 10 per cent extra pay so long as they are on that detail.

No provision has been made in the American army for any special compensation to aviation officers, notwithstanding which there are many more applications on file for detail to the flying squad than can possibly be filled. It will take a special act of congress to give the increased pay, but the secretary of war has the matter under consideration, and if a satisfactory bill is drawn it will be presented to congress.

If this is done there probably will be presented at the same time a request that was incorporated in the last army appropriation bill, but which was stricken out. It was for the enlistment of 100 special aviators at \$100 a month. This, it is conceded, does not sound very large compared to the sums that individual aviators have earned with machines in the past two years. Still, compared with the regular enlistment pay of \$13 a month it is very satisfactory wages, especially as it will include food, clothes and quarters or a commutation for the same.

At present foreign service pay is the only extra pay that a soldier draws in the army. This is 10 per cent of his regular pay, and enlistment served outside the mainland counts as double time on the total of thirty years necessary for retirement. This inducement is enough to make the foreign service detail eagerly sought, as an enlisted man, if he serves ten years in this country and ten years abroad, is eligible for retirement on three-quarters pay and is then at an age when, with his army training and a good conduct record behind him, he can always get a good job in addition to his retired pay. With the same inducements applying to aviators, in addition to the increased pay, it is likely that there will be a rush for the places.

At present there is no intention of training anything but commissioned officers as aviators, and there are enough of the younger officers who are anxious for the detail. There are but four qualified aviators in the army, but it is intended soon to increase the number considerably.

BEE KING STUNG.

Wed on Two Hours' Acquaintance. Now Gets Divorce.

To show the court's disapproval of marrying on two hours' acquaintance Judge Monroe of Los Angeles, Cal., announced that he would withhold the decree of annulment of the marriage of W. T. Marten and Emma B. Marten for ninety days.

Marten, who lives in Pomona, was a member of the board of supervisors that built the present courthouse, has a big fortune and is known as the "millionaire bee king." In August, 1910, he subscribed for a matrimonial paper. One of the advertisements struck his fancy. It read:

"Am a farmer's daughter, aged thirty-seven, American, Presbyterian, kind hearted and loving, five feet six, weigh 130, perfectly healthy, fond of home life, can do any kind of housework, school education, light blue eyes, dark hair, fair complexion, sincere and will marry soon if suited."

This was Emma J. Bennett of Washington, N. J. In October Marten sent her a ticket and \$25 for her expenses to California. Two hours after she arrived they were married.

CUMMINS AN ARISTOCRAT?

Curtains in the Senator's Office Suit Cost \$300.

When Albert B. Cummins first ran for governor of Iowa it was charged that he was "a blooming aristocrat who never drank anything but champagne and hated awfully to speak to an ordinary man." Cummins proved that it wasn't so and won.

The ancient charge may be revived. It has been discovered that the curtains of each window of Senator Cummins' office suit cost \$300.

Great, heavy velvet draperies, tied with massive silken cords, lined with the daintiest raw silk, these splendid hangings are severely simple. The hangings were inherited with the office suit.

The offices used to belong to Senator Hale of Maine. He was chairman of the appropriations committee and entitled to whatever he liked. He had it. When Hale moved out as a senator his suit went to Cummins.

HAS INVENTED DIRIGIBLE SAFETY AIRSHIP

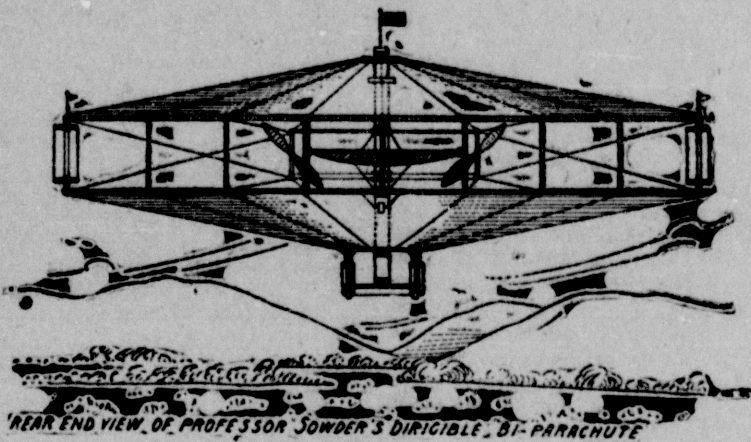

The Democrat-Forum is pleased to present to its readers a view of the dirigible bi-parachute, or safety airship, that is the invention of Professor Nicholas M. Sowder of Maryville.

Professor Sowder and Mrs. Sowder have been living at Beatrice, Neb., the past year, where he was principal of the high school. They will be here for the summer with Mrs. Sowder's mother, Mrs. L. J. Perry of East Third street, and Professor Sowder's mother, Mrs. N. M. Sowder of Pickering.

Professor Sowder is also the manufacturer and exhibitor of his invention. The principal merit he claims for his airship is absolute safety and comfort.

It is so perfectly constructed that if the engine "misses," the propellers stop or the rudders break, the machine gently falls at the rate of three feet a second, and is glided by mere movement of the body, giving sufficient time to choose a safe landing.

It works in all kinds of weather. Capsizing is impossible, because equilibrium is maintained automatically. The center of mass is below the center of buoyancy, and the metacenter sufficiently above the center of

mass to give the maximum stability. No preliminary run on the ground is necessary to make the ascent, and its descent is perpendicular or at any angle desired.

A midair stop can be made, as the propellers may be started and journey continued without descending.

If the engine should stop in midair it would descend slowly, as stated before, but the journey may be continued, as two independent engines are used, because the ship does not require the great propulsive force that other machines do.

The speed attainable is from ten to seventy miles an hour with perfect safety. Racing is possible, but with less safety.

Anyone capable of operating an auto can fly the bi-parachute.

There is not a weak part in the machine, as the bracing is perfect.

The machine is made for family excursions, amusement, military work, mail service, and many other services that may be desired.

A hangar is not necessary as it is quickly assembled and disassembled. The cost of a bi-parachute is from \$2,000 to \$6,000.

Dad's Boy.

Ma's bridge club met at our house last night and this mornin' dad snickered so, all the time he was eatin' his breakfast, he could hardly swallow. Ma was more or less subdued, 'cause she knew dad had caught her with the goods on for once, but, nevertheless, she wasn't so darned subdued that dad felt safe in crowdin' the thing too far. Dad finally said: "We're havin' nice weather this spring, ain't we, Mary; a little bit stormy last night, but it'll clear off in a few days, I guess." And then dad just leaned back in his chair and laughed fit to kill himself. Ma's eyes flashed out all kinds of daggers and other firearms and she kicked the cat clean across the room. When she said: "You think you're awful smart, don't you, makin' remarks and gigglin' about the weather. I know what you're thinkin' about and I want to tell you right now that there's some women what'll never be invited to my house again as long as I live. I had the high score myself and was entitled to the prize, even if the club did meet at my house. When I get down so low," says ma, "that I have to mark up my score card in order to win a prize, I'll quit playin', that's all. Course I ain't callin' any names, but two or three of the ladies what had low scores come to me after it was over and told me they played next to the last game at the table with the cheat what took the prize and that her score then wasn't no higher than theirs." Dad don't never take no mean advantage. He stopped laughin' and said: "Well, never min, be a sport, Mary. If you gamble, you mustn't be a weelcher."

News of Society and Womens' Clubs

"At Home," June 22.

Mrs. J. E. Melvin, Mrs. O. L. Holmes and Mrs. Melvin's daughter, Miss Ruby Melvin, have issued invitations for an "at home" Thursday afternoon, June 22, at the Melvin home, 203 West Lincoln street.

Reception Well Attended.

The reception to welcome the students who have entered for the summer term, given in the First Christian church parlors Friday evening by the Philathea and Good Fellow classes, was attended by fully 300 young people. The threatening storm prevented many coming. On the arrival of each student he was given a slip of cardboard, on which his name was written in red ink, and a pencil, and directed to the auditorium, where an entertaining program was given, consisting of an organ solo by Miss Ola Smith; a vocal quartet by Miss Marjory Wilfley, Miss Blanche Shippis, Miss Mildred Robinson and Miss Ruth Reuillard; reading by Professor Miller of the department of expression of the State Normal; trombone solo, Paul Basford; reading, Della Henderson; double quartet, a vocal number, by H. J. Becker, Kenneth Frazier, Ernest

left Saturday morning for St. Joseph to meet Mrs. Spickerman and two other little daughters, who have been visiting Mrs. Donald Cady, and went to their home in Rockport.

Dinner Guests.

Miss Fannie Andrews, daughter of Mr. and Mrs. Ed L. Andrews, entertained at dinner Friday evening Mr. and Mrs. Roy Otis of Enid, Okla.; Mr. and Mrs. Drew Protzman and Roy Andrews.

At the Churches

Presbyterian Church.

Sermon by the pastor, Dr. C. P. Luce, at 11 a. m. Subject, "A Lesson Worth Learning." Miss Mildred Morrison will sing. A cordial welcome to all. At 8 p. m. a service of song and music. Miss Mildred Morrison will sing several selections and Mr. Ralph Eversole will render organ solos. The church choir will also assist. This will be the only opportunity of Miss Morrison's friends to hear her during her brief visit. Sunday school at 9:45 a. m. Christian Endeavor at 7 p. m.

First M. E. Church.

Dr. Ford will preach morning and evening. Sunday school at 9:30, W. F. Smith, superintendent. Miss Cora Gehr will have charge of the Epworth League service at 7. Topic, "The Development and Best Use of Spiritual Gifts"—Rom. 12:6-8; 1 Pet. 4:10-11. The next quarterly conference will be held Monday evening, June 26. It is hoped that all officers will be ready with their reports.

First Christian Church.

Bible school at 9:30 a. m. Morning worship at 10:45, with statement to congregation and short sermon by the minister, Rev. L. O. Bricker. Subject, "Eyes and Feet." Christian Endeavor meeting at 7 p. m. Evening worship at 8 o'clock. Subject, "The Message of the Church to this Generation."

First Baptist Church.

The pastor, Rev. Lee Harrel, will preach in the morning at 11 o'clock. Subject, "Great in the Sight of the Lord." In the evening at 8 o'clock the subject of the sermon will be "Redemption." In the evening President

TRUTHFUL ADVERTISING THE BASIS OF SUCCESS.

Since the Ingredients Entering Peruna Are Known, Its Power as a Catarrh Remedy and Tonic is Understood.

COLUMBUS, OHIO.—The active ingredients entering the most popular household remedy in the world have been made known to the public. This means a new era in the advertising of popular family medicines—Peruna leads.

Peruna contains among other things, golden seal, powerful in its effect upon the mucous membranes. Cedron seed, a rare medicine and unsurpassed tonic. Cubebs, valuable in nasal catarrh and affections of the kidneys and bladder. Stone root, valuable for the nerves, mucous membranes as well as in dropsy and indigestion.

Cummings of the Iowa State Glee Band will speak a few minutes. Sunday school at 9:45 a. m. B. Y. P. U. at 7 p. m.

M. E. Church, South.

Regular services Sunday. Preaching by the pastor, Rev. W. J. Parvin, at 10:45 in the morning and a 8 in the evening. Sunday school at 9:30. Epworth League at 7 o'clock.

Rubbing Your Eyes Won't Help Them

If your eyes burn, smart or have a tendency to close up under a bright light, you need the services of an expert optometrist who can determine the cause of the trouble. Digging into them with your knuckles will not help them, even if they do feel better for a moment. Consult us about your eyes.

MISS ZILDA ROBBINS WON THE GOLD MEDAL

Mrs. Grant A. Robbins of Sedalia, Mo., arrived in Maryville Friday night and will spend a few days in the city with friends.

Mrs. Robbins came to Maryville from Mt. Vernon, Ia., where she attended the graduating exercises of Cornell college at Mt. Vernon, her daughter, Miss Zila Amanda Robbins, being one of the graduates, having completed a four years' course there. There were sixty-two graduates this year.

Miss Robbins won the gold medal offered by the Sons of the Revolution of the State of Iowa for the best four years' work in United States history. Miss Robbins is a graduate of the Maryville high school, class of 1907. She has certainly honored her high school alma mater as well as that of Cornell.

Today's Markets

LIVE STOCK MARKETS.

CHICAGO.

Cattle—400. Market steady. Estimate tomorrow, 20,000.
Hogs—7,000. Market 5c higher; top, \$6.35. Estimate tomorrow, 40,000.
Sheep—6,000. Market steady.

KANSAS CITY.

Cattle—200. Market steady.
Hogs—2,000. Market 5c higher; top, \$6.25.
Sheep—None.

ST. JOSEPH.

Cattle—100. Market steady.
Hogs—4,000. Market steady; top, \$6.15.
Sheep—None.

St. Louis Live Stock Market.

National Stock Yards, Ill., June 16. —Cattle receipts 2,400. Nothing choice included. All kinds steady with yesterday.

Hog receipts 10,000. Market fully 15c higher; top, \$6.35; bulk of all the hogs sold at \$6.25 and over.

Sheep receipts 4,000. Sheep steady; lambs 10@15c higher; top, \$7.50.

Looks like the market next week will be as good as any time soon for cattle, hogs or sheep which are ready for shipment.

On Visit to Daughter.

Mrs. A. J. Durkee arrived in Maryville Saturday noon for an extended visit with her daughter, Mrs. W. S. Trewett. Mrs. Durkee makes her home with her daughters, Mrs. W. M. Shelton of St. Joseph, formerly of Maryville; Mrs. Robert Linmerick of Savannah and Mrs. Trewett.

Miss Lolita Crowther of St. Joseph arrived in Maryville Saturday noon and will be the guest of her cousin, Miss Audrey Howendobler, for a time.

A marriage license was issued Saturday to Thomas A. Luke of Conception Junction and Frances M. Reidinger of Clyde.

We Will Move Tuesday, June 20th, To Our New Location East side Market St.

Opposite Pierpoint's
Feed Yard.

Where we will be much more conveniently located to care for your business. Highest cash price always for your produce.

Clarinda Poultry, Butter & Egg Company.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

HAIR WORK

My address will be Burlington Junction, Mo., for a few weeks. Leave your hair at the Staples millinery store, with your name and address and full instructions written on the package. I will call for it and leave it after it is made up. MRS. VADA HALLEY.

DAVID J. FOSTER.

American Delegate
Who Has Arrived Home
From Farm Congress.

BACK FROM FARM CONGRESS

Foster and Champlin Tell How American Plan Won Favor.

New York, June 17.—Former Representative Foster and General Edgar R. Champlin have returned from Rome, where they attended the international convention of agriculture.

The object, they said, was to adopt a standard method for determining crop reports. There was no opposition to the suggestion of the American delegates, and the convention passed a resolution in favor of one numerical standard.

WIND AND HAIL IN OTOE COUNTY

Outbuildings Wrecked, Trees Uprooted and Crops Damaged.

Nebraska City, Neb., June 17.—One of the worst hailstorms that has visited this county in some time passed seven miles west of this city. It was accompanied by a heavy wind that blew down telephone and telegraph poles and uprooted trees. No one was killed, but a number of men and horses were blown into barbed wire fences and injured. Outbuildings were wrecked and trees uprooted. The wind blew a perfect gale and the hailstones were as large as walnuts and broke out all of the windows in the north and west sides of the homes in the path of the storm. The corn was cut off even with the ground, while the wheat and oats were beaten to the earth on nearly every farm heard from and will be a total loss.

The storm covered a strip over five miles in length and two miles wide.

OXNARD MADE HALF A MILLION

Sugar Manufacturer Tells of
Having Sold Out to Trust.

TESTIFIES BEFORE COMMITTEE

Fortune Gathered in When Brooklyn Refinery Was Turned Over in 1887. Declares That Beet Sugar Refineries Compete With Trust.

Washington, June 17.—Half a million dollars' profit was garnered by the Oxnard brothers almost over night when they put their Brooklyn sugar refinery, valued at \$200,000, into the sugar trust of 1887, according to the testimony of Henry T. Oxnard, vice president of the American Beet Sugar company, before the house sugar trust investigating committee.

The witness said the capitalization of the Brooklyn factory was only \$100,000, but that the plant was worth \$200,000.

After a long discussion of the beet sugar industry, Mr. Oxnard asked to be allowed to make a statement.

"Quite a little has been said about the trust controlling the beet sugar refineries," he said. "The trust does not control all told more than 20 per cent of the beet sugar industry and the beet sugar people compete with the output of the other sugar refining companies. There is no such thing as a restraint of trade between the beet sugar people and the other people."

Representative Barrett asked if the people near beet sugar factories got their sugar cheaper than those who must pay freight on it.

"We are not philanthropists," said Mr. Oxnard, "we sell at the best price we can get and that depends on competition."

Grand Island Factory Broke Law.

The beet sugar factory at Grand Island, Neb., owned by the American Beet Sugar company, has been operated in connection with the sugar trust and in violation of the Sherman anti-trust law. Testimony to this effect was given by Oxnard, who was called upon to identify the contract entered into between the American Beet Sugar company and the sugar trust. It was dated Dec. 16, 1902, and continued in force until October, 1906. The contract provided that the sugar trust should have the sole right to market the product of the Grand Island and other factories owned by the American Beet Sugar company, that the price should be fixed by the trust, and that there should be no conflict in selling territory.

LUMBER TRUST IN CONTROL

Startling Facts Brought Out in Investigation at Kansas City.

Kansas City, June 17.—That the price of yellow pine lumber has gone up from \$10 to \$20 a thousand in Kansas City within the last fifteen years and that the successive jumps were coincident with the issuance of price lists by the Yellow Pine Lumber Manufacturers' association were the principal points brought out by the state in the hearing of its ouster suit against the alleged lumber trust.

The state's chief witness and the man who made the admissions was Albert Bushnell, a wholesale lumber dealer of this city. He testified that new price lists were issued by the association and sent to dealers several times a year; in the year 1905 as many as seven times, and that the local market price invariably advanced to conform to that quoted in the association's list.

MAKES CHARGE OF BOODLE

Contractor Says Commissioners Wanted Cash for Awarding Contract.

Kansas City, June 17.—The president of a construction company in this city filed charges with one of the commissioners of Kansas City, Kan., that three different men had asked him for money to pay to three of the Kansas City (Kan.) commissioners for awarding him the contract to build the \$350,000 municipal light plant in that city. The contract has been awarded to another firm. The charges were in the form of an affidavit sworn to before a notary public.

REAL REVOLUTION DAUGHTER

Missouri Woman Whose Father Fought With Washington Seeks a Pension.

Washington, June 17.—A pension for a real daughter of the Revolution is sought by Representative Walter Hensley of Missouri, who introduced a bill asking congress to provide for Mrs. Sarah Springer of Elvins, Mo., whose father served throughout the revolution.

Mrs. Springer is ninety-one years old. Her father died in 1836 at the age of eighty-two.

Madero at Cuautla.

Cuautla, Mex., June 17.—Francisco I. Madero, Jr., and his party arrived here and were given a great reception. General Ambrosio Figueroa, leader of the southern revolutionary army, has been informed that he will be made inspector general of the rurales.

Knott Murder Case to Jury.

Omaha, June 17.—The fate of George Knott, charged with murder in the first degree, now rests with the jury, which retired following the closing instructions by the court.

SOMEBODY.

Somebody did a golden deed.
Proving himself a friend in need;
Somebody sang a cheerful song,
Brightening the skies the whole day long—
Was that somebody you?

Somebody thought 'tis sweet to live,
Willingly said, "I'm glad to live;"
Somebody fought a valiant fight,
Bravely he lived to shield the right—
Was that somebody you?

Somebody idled all the hours,
Carelessly crushed life's fairest flowers,
Somebody made life loss, not gain,
Thoughtlessly seemed to live in vain—
Was that somebody you?

Somebody filled the day with light,
Constantly chased away the night;
Somebody's work bore joy and peace,
Surely his life shall never cease—
Was that somebody you?

It's the quickest, surest healer for all such wounds, as also for Burns, Boils, Sores, Skin Eruptions, Eczema, Chapped Hands, Corns or Piles. 25c at the Orear-Henry Drug company.

Has St. Joseph Guest.

Mrs. W. H. Paulette of St. Joseph arrived in Maryville Saturday noon to visit over Sunday with her son, J. E. Paulette, of the Campbell-Clark hardware store, and will be a guest at the home of Mrs. Ida McKenzie and daughter, Miss Elsie McKenzie.

ELENORE K. CANNY'S BASE BALL LEAGUE

Miss Elenore K. Canny, supervisor of the playgrounds of Kansas City, umpired the first game of base ball between the Matthewson and Johnny Kling junior league teams Saturday morning at the Holmes square playgrounds.

Miss Canny has formed junior and senior leagues in order to keep the boys off the street, and Kansas City parents are going to watch her experiment with not a little interest.

As Miss Canny has visited Maryville, and was only recently here to attend the marriage of her state university classmate, Miss Lulu Holt. An article in the Kansas City Times of Friday will be of personal interest to her friends here, and might prove a suggestion for the good of Maryville children:

The first "league" game of base ball in a newly organized association of inter-club teams will be "called" at 10 o'clock tomorrow morning at the Holmes square playgrounds. Miss Elenore K. Canny, supervisor of public playgrounds, will act as umpire and see that the young Matthewsons and Johnny Kling juniors behave well and observe the rules of the game.

Fifty boys between the ages of 9 and 14 years have "signed up" for the season on the teams from their respective playgrounds and form the junior league. The senior league is composed of boys ranging in age from 15 to 17. The following playgrounds have entered both junior and senior teams in the league: Holmes square, Penn valley, Mulkey square and Washington square.

The formation of the new league is the solution of a perplexing problem that has bothered Miss Canny not a little. How to plan to keep these youngsters off the streets and afford them an interesting sport of some kind may not appear at first to be anything difficult to arrange. Consider the fact that all the playgrounds are too small for "regular diamonds," however, and then bear in mind that

Household Goods at Auction

On account of leaving Maryville, I will offer for sale at my residence, 308 West First St. on

Wednesday, June 21st

Make your Declaration of Independence on this glorious fourth the resolution to save money and be above all misfortune such as out of work, illness or old age.

NODAWAY VALLEY BANK MARYVILLE, MISSOURI

CAPITAL \$100,000.00
SURPLUS \$22,000.00

a hard baseball of regulation size might injure some of the five hundred children who daily play on these squares, and you will gather a better notion of the dilemma that confronted Miss Canny. The boys wanted baseball, too, and would listen to no substitute. Miss Canny finally solved the riddle by selecting a soft ball that can hurt no one, and will still admit of a lively game. The ball she selected was an indoor base ball.

The boys in both leagues will supply their own suits and gloves. As an incentive to produce a "pennant winner," Miss Canny has promised to award a real pennant to the team which finishes with the best average when the season closes in August.

"The indoor base ball may curtail

A Charming Woman

Is one who is lovely in face, form, mind and temper. But it's hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver, and Kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c at the Oresar-Henry Drug company.

Is a Prudential Man.

Mr. and Mrs. James A. Stephenson and children, Helen and James, Jr.,

left Friday evening for their home in Colorado Springs, Col., after a visit with Mr. Stephenson's parents, Mr. and Mrs. James M. Stephenson, east of Maryville, and Mrs. Stephenson's parents, Mr. and Mrs. C. L. Wright. Mrs. Stephenson and the children had been visiting her parents, her brother Prosecuting Attorney Wright, a sister, Mrs. R. C. Seal, in Maryville, and two sisters in St. Joseph, Mrs. Harry D. Snyder and Mrs. A. D. McHenry, for several weeks. Mr. Stephenson is a prominent Prudential Life Insurance man in Colorado.

Visiting at the Minister's.

Henry Parrott, bookkeeper in the First National bank at Liberty, Mo., arrived in Maryville Friday night and will remain over Sunday the guest of Rev. and Mrs. Lee Harrel.

RECIPROCITY UP FOR AMENDMENT

**Second Stage of Measure Is
Reached in Senate.**

PENROSE IS READY TO VOTE.

Original Measure, Says the Pennsylvania Senator, Will Be Passed and That It Is Favored by Two-Thirds of the Members of the Upper House.

Washington, June 17.—The Canadian reciprocity agreement passed in to its second stage before the senate when the bill was formally taken up for amendment. The only committee amendment is the one offered by Senator Root, requiring all Canadian provinces to remove all restrictions on paper and pulp wood before the paper and pulp schedules shall be effective. When the bill was called up in the senate Chairman Penrose said the friends of reciprocity would be willing to vote at once without debate.

"It is strange," said Senator Smith (Mich.), "that a measure that threatens to throw a whole empire into competition with our people should not have a single friend to rise and explain or champion it on the floor of the senate."

Senator Smith declared he proposed to speak against the bill.

Senator Townsend (Mich.) announced his intention of offering an amendment directing the president to negotiate for wider reciprocity with Canada.

Statement by Penrose.

Senator Penrose of Pennsylvania, chairman of the senate finance committee in conference with President Taft confirmed the report that sixty senators are expected to vote for Canadian reciprocity, and predicted that within two weeks a date for a vote would be agreed on. He gave the president a detailed report of the situation in the senate and declared the bill would be passed without amendment. Later Mr. Penrose issued a formal statement in which he said:

"A careful canvass of the senate shows that sixty members, or substantially two-thirds, of the senate are in favor of the reciprocity bill, and more than that number will be opposed to the Root amendment. The senate will hold daily sessions from now on during the next two weeks; great progress will be made towards reaching a final vote on the measure. The bill will be passed at an early date without amendment. It will be well if it could be passed before the Canadian parliament reassembles in the latter part of July."

Wool Bill to Come Soon.

"The probabilities are that the wool bill will reach the senate in a few days and the finance committee will be called together for the purpose of considering the wool bill and the so called free list bill. It is well understood that the tariff board has been hard at work investigating the wool schedule and will be ready to report next December. It is not reasonable, therefore, to expect that the Republican majority in the senate will take up the wool bill until the tariff board report shall have been received."

"The free list bill opens up a wide range of tariff discussion and the finance committee is in receipt of numerous requests from all over the country asking for hearings on the numerous schedules of that bill. As there is no hearings on the bill by the house committee, it is only reasonable that opportunity should be permitted to various manufacturing interests concerned to present their statements to the senate committee and at as early a date as possible the committee will hold such hearings so far as will be practicable between the long and continuous sessions of the senate to be devoted to the reciprocity bill, the early passage of which is in the first consideration of the present session."

WASTE PAPER STARTS FIRE

One Hundred Thousand Loss in Atchison, Kan.

Atchison, Kan., June 17.—Fire which started from burning waste paper in an alley here destroyed a department store, the Ebenezer Baptist church, one residence and greatly damaged two shoe stores and an ice plant. The damage is estimated at \$100,000, of which \$80,000 was sustained by the Clement & Bechtel department store.

Carried by a strong wind, the fire swept to the residence district and for a time half of the city was threatened with destruction. The fire departments of St. Joseph, Mo., and Leavenworth, Kan., were appealed to for aid, but before they could arrive the fire was under control.

MAINE REDUCED TO SHELL

Iron Work Shattered by Explosion or Corroded.

Havana, June 17.—A greatly increased area of the wreck of the battleship Maine was exposed to view when the water level within the coffer-dam had been lowered to a total of ten and a half feet below normal.

Everywhere the iron work exposed, if not shattered by the explosion, has been so corroded as to be reduced to a mere shell, making it highly probable that the plan to repair and float any part of the ship must be abandoned.

DIAZ IN SPAIN; GOES TO FRANCE

**Former President of Mexico Now
in Foreign Lands.**

MAKES TWO-HOUR STOP AT VIGO

On Account of a Report of a Demonstration Against the Old Executive Extra Precautions Are Taken by Authorities—Sails for Corunna.

Vigo, Spain, June 17.—General Porfirio Diaz, former president of Mexico, arrived in the harbor on the steamer Ypiranga, on which he sailed from Vera Cruz, Mexico, May 31.

According to such of his plans as were made public prior to his departure from Mexico, General Diaz will continue to Havre, France, later returning to Spain for an indefinite stay.

The Ypiranga, after a stop of two hours, proceeded for Corunna. General Diaz did not land, and during the stay of the vessel no unpleasant incident occurred.

It was reported that members of the progressive party and workmen had arranged to express their unfavorable opinion toward the former president in the event that he came ashore. As a precautionary measure the maritime authorities placed a naval guard around the Ypiranga as soon as it arrived. This guard included two launches filled with marines and the gunboat Hernan Cortez. Only passengers and others duly authorized were permitted to board the steamer. Balbino Davallo, the Mexican charge d'affaires at Lisbon, and Senor Daudon, Mexican consul here, went out to the vessel and greeted the general. Diaz told them that his health was not satisfactory and that he had suffered greatly during the voyage from an abscess of the jaw bone, which had become troublesome before his departure from Mexico.

REBELS REPULSE SOLDIERS

War Breaks Out in South Africa and Troops Engage in Battle.

Cape Town, South Africa, June 17.—Nine hundred soldiers, taken to Liberté on the steamer Caledonia to reinforce the government troops in that vicinity, recently attacked the rebels and were repulsed.

Jules Deve, a citizen of France, and Max Hermann, a Belgian, both connected with the family of General Leconte, leader of the last revolutionary movement and who was recently expelled from the country, embarked on the French steamer Quebec for St. Thomas.

MACON BANK IN TROUBLE

Fails to Open Its Doors and Abell Dry Goods Company Also Fails.

Macon, Mo., June 17.—Deputy Bank Commissioner Plank took charge of the Citizens' bank of Macon after the bank failed to open. Abell Dry Goods company is also closed. The store, it is said, was backed by the bank. Lon Hayner, the cashier, whose daughter was married Thursday, has not been seen by his friends since shortly after the wedding.

Mason City High School Burns.

Mason City, Ia., June 17.—The Mason City high school, built seven years ago at a cost of \$78,000, burned. The building was struck by lightning. Insurance, \$58,000.

GRAIN AND PROVISIONS

Closing Quotations on the Chicago Board of Trade.

Chicago, June 16.—Closing prices: Wheat—July, 87½¢@87¼¢; Sept., 87½¢@87¼¢; Dec., 89½¢. Corn—July, 54½¢@55¢; Sept., 56¼¢@56½¢; Dec., 55¢. Oats—July, 38¼¢@38½¢; Sept., 39¼¢@39½¢; Dec., 40¼¢@40½¢. Pork—July, \$15.27½; Sept., \$15.17½. Lard—July, \$8.12½; Sept., \$8.27½. Ribs—July, \$8.27½; Sept., \$8.22½. Chicago Cash Prices—No. 2 hard wheat, 88¼¢@89¼¢; No. 2 corn, 54½¢@54¾¢; No. 2 oats, 37¼¢.

South Omaha Live Stock.

South Omaha, June 16.—Cattle—Receipts, 1,173; steady; beef steers, \$5.50@6.50; cows and heifers, \$2.50@5.40; stockers and feeders, \$3.50@4.35; bulls, \$3.15@4.50; calves, \$4.25@7.25. BAKER & HILL,

West Side Hardware.

Came Home in Automobile.

Mr. and Mrs. Clark Andrews returned Friday night from their visit at Council Bluffs and Shenandoah. They were accompanied home by their niece and nephew, Mr. and Mrs. Clarence Andrews of Council Bluffs, and Mr. Andrews' mother, Mrs. Andrews of Santa Barbara, Cal., who is the sister of Mrs. Clark Andrews, making the trip in Clarence Andrews' automobile. His son, Guy Andrews, is expected to arrive in Maryville Saturday evening.

Left for Arkansas.

Mr. and Mrs. Lin Brown and son, Master Milton, of Des Moines, Ia., who have been visiting Mr. Brown's sister, Mrs. John T. Yates, and family, south of Maryville, the past ten days, left Friday evening for Siloam Springs, Ark., to visit Mr. Brown's father, W. M. Brown, and two sisters, Mrs. W. G. Oliver and Mrs. J. Buckmaster.

Visiting Son and Bride.

Mrs. Mary Lund went to Arkoe Friday evening on a visit to her son, Frank Lund, and his wife, who were recently married. Mrs. Lund was Miss Ann Partridge. Mr. Lund moved his barber shop from Maryville to Arkoe when he married.

Mrs. P. A. Hamm and children, Ward and Lavann, of Hopkins, and Willie Frederickson of Creston, Ia., were in Maryville Friday evening, going to U'ingham, Ia.

Mrs. D. W. Owens and son, Adrian, of Wayside, Neb., are here on a visit to Mrs. Johnson Neal of near Pickering and Mrs. George Rose of Arkoe.

Money Invested in a Home Brings You Real Rewards

that cannot be measured alone in dollars and cents. There's satisfaction in knowing you have a home when possibly all other investments fail—it gives you a feeling of security and demands the recognition of your fellow townsmen, because by building you show your faith in the future of the community. And every community is known by its deeds. You can help and at the same time help yourself. A home investment is always the most meritorious, and loss is less likely because you are dealing in values you understand and with people you know. We have supplied the lumber for the homes of many of your friends who are now on the road to success, and want to talk with you whenever you're ready.

DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 2.

MARYVILLE, MISSOURI, SATURDAY, JUNE 17, 1911.

NO. 12.

3 PLANS PRESENTED

TO COUNCIL BY WHICH THE CITY COULD SETTLE WATER QUESTION.

STREET'S PLAN IS BEST

So Many of the Citizens Think—No Action Taken, But Will Come at a Later Meeting.

Manager G. B. Roseberry of the City Water company made two propositions to the city at the council meeting Friday night in regard to settling the water question of Maryville, which has been discussed for some years, as the present company's franchise ran out a few years ago, and they are now doing business without a franchise.

What the Two Propositions Are.

The first one spoken of by Mr. Roseberry was that the company would sell out to the city at a reasonable price. To determine the value of the plant, three appraisers he appointed, one by the city, one by the City Water company, and those to select a third. For the city to buy the plant, would take a two-thirds vote of the voters.

The second proposition was that the City Water company be given a franchise for twenty years, at rates which would give them reasonable returns on their investment. "To do this the company would have to have," said Manager Roseberry, "fifty cents for a thousand gallons, seventy-five cents minimum rate, and twenty-five cents for meter for customers who do not own their meter. These would be the lowest prices that the water company will take."

Manager Roseberry, before he presented his two propositions, said:

"A misunderstanding exists in the minds of some of the people that the company is making the water muddy in order to get a franchise. This is not true, and the condition of the water in the spring will never be any better until the city does something. For several years past the water has been in this condition in the spring. We want to sell out to the city, and would rather do this than to accept a franchise."

A Proposition from Street.

A letter from C. F. Street, president of the City Water company, makes a third proposition.

The letter of Mr. Street to the council follows:

"For two or three years the water company has been engaged in an effort to interest the citizens of Maryville in the water supply problem, and to impress upon them the necessity of giving the matter serious attention."

"We are informed that the subject is now being investigated by the city council, and that a decision by the city may be expected at an early date."

"It is evident that some action is urgently necessary, and we believe there is no subject which more nearly concerns the welfare of the city or which more imperatively calls for your attention at this time."

"We believe it is generally understood that our business in Maryville has never been profitable, and that this is one reason why the company is unable to raise funds to meet the requirements of the business."

"Municipal ownership is now very general throughout the country, and it seems clear that in the case of Maryville the burden must before long be assumed by the city."

"Under the laws of your state pro-

vision has been made for a direct purchase of a property such as ours, or for the issuance of mortgage bonds under the terms of a law passed in 1905, and we wish to assure you that if you desire to acquire the property we are prepared to co-operate with you in every possible way, and are also prepared to accept a reasonable price for the plant."

"If at any time you desire an appraisal we will be glad to furnish you with all the information we possess, as to both the physical and financial condition of the property."

"Respectfully,
"CITY WATER COMPANY.
"By C. F. Street, President."

Street's Plan a Good One.

The city council did not take action on these propositions, deferring it until a later meeting. The proposition of Mr. Street, president of the water company, proposes to sell the plant to the city under laws passed in 1905, which in brief provides that the plant is taken over by the city and a mortgage on the plant, and the plant only, is taken by the water company for the purchase price.

The management of the plant would be under the control of a board of commissioners, appointed by the mayor and city council, composed of three men, and it must be bi-partisan. The provisions of the statutes as to the conduct of the business of the water plant after it is thus taken over are thoroughly business-like in every detail.

The mortgage and bonds given in payment for the plant are expressly not a general or personal obligation of the city, and if for any reason the city should be unable to successfully conduct the plant, it would simply revert to the former owners.

It seems to us that this proposition should point a way to the solution of the water problem. As against the franchise which the water company desired, it appears there is room for the city to conduct the business at a considerable saving, as the item of state and county taxes would at once be eliminated, and what are designated in the proposed franchise as "administration expenses" would also be eliminated.

A majority vote is all that is required under this law as against the usual two-thirds.

We are unable to see where the city takes any chances under this proposition, and since it creates no general or personal tax levy in any way, and therefore in no sense increases the taxation, it would seem there would be little opposition to the plan.

We shall hope to see the mayor and council get busy at once with a thorough consideration of the Street proposition.

"In the course of the next few days further details of the proposition will be fully discussed in The Democrat-Forum."

WOODSON SMITH WINS ANOTHER SUIT

(Kansas City Star.)

The sixth of sixteen suits brought by Woodson Smith against insurance companies that refused to pay policies on his hat store, burned a year ago, ended in the circuit court today with a verdict awarding Mr. Smith \$2,180 against the Reliance Insurance company of Philadelphia. Mr. Smith sued for \$1,800, the amount of the policy, \$200 attorney's fees, and 10 per cent of the policy as damages for "vexatious delay" in the payment of the claim.

Of the six suits tried Mr. Smith has won five. The total of the insurance money sued for is \$47,000.

Here from Oklahoma.

Mrs. John M. Signs of Coyle, Okla., arrived in Maryville Saturday noon, and with her husband and father-in-law, George W. Signs, are guests at the Linville hotel. They will leave next week for their new home at Coyle.

Returned from West.

John H. Anderson returned Saturday noon from a ten weeks' trip in the Northwest and on the Pacific coast. He says Missouri still looks good to him.

Mr. and Mrs. Eugene Schnauber and little son, Harry, of Clarinda, Ia., arrived in Maryville Saturday on a visit to Mrs. Schnauber's brother, Roy Weaver, and family, at 703 East Seventh street.

Hammocks at best values at Crane's.

NINTH OPENED AGAIN

ANOTHER ORDINANCE ADOPTED AS FIRST WAS NOT LEGAL.

NO "WHITE WAY" ACTION

Several Matters Taken Up by the City Council at Friday Night's Meeting.

A meeting of the city council was held Friday evening and several important matters were discussed and action deferred on some of them.

Manager C. C. Hellmers of the Electric Light company presented to the council the cost of the "White Way," or the new lighting system that many of the citizens are in favor of having installed here. Manager Hellmers, in speaking of it, said:

"We will set up the posts and do the work at cost. The posts will cost set up, the freight being paid, about \$45, and then to lay about 100 feet of wire, which will be under ground, it will cost \$21. The cost for five blocks for eight lamp posts to the block will be \$2,500, or \$500 a block. For instance, if you decided to have the "White Way" for five blocks on Main street it will do away with four arc lights, and therefore we can take down the overhead wires and also the poles. The cost per year of the light, maintaining it and also cleaning out the lamps every few weeks, will be \$35 for all the lamps turned on until midnight and one the balance of the night. Or, if you want all the lights turned on until 10 o'clock, and then one the rest of the night, it will cost \$28.00. If the city thinks best they can buy the lamp posts direct and probably be able to save some on doing the work in setting them up. But it would be necessary for the light company to lay the wires and make the connections."

After a brief discussion the board decided that Mayor Robey should see a number of citizens in regard to the matter and see if some proposition could be arranged whereby the property owners would be willing to pay for part of it. Mayor Robey will report at the next meeting of the council.

An ordinance for the opening of Ninth street was again adopted. On account of the first ordinance not being legal it was necessary for the council to pass another one. Ninth street will extend to the Normal property, and from there the Normal intends to lay out a road. In the ordinance it provides for five commissioners to assess damages and benefits, and named as the benefit districts, between Prather avenue and Eighth street, extending to Mulberry street. The following were the five commissioners appointed: Nic Sturm, S. G. Gilliam, J. E. Cook, Henry Hudson and Ed Curfman.

F. C. Conrad was selected by the council.

An ordinance was presented by Captain E. S. Cook of the Airdome theater making the license \$25 per year for all airdomes. The airdome is now paying \$2 a day for license, and Captain Cook says that it is too high. The ordinance was defeated, Aldermen Conrad, Foster, Gram and Hooker voting against it, and Aldermen Ford and Herndon voting for it.

Another car load of cement will be ordered by the city for street crossing work.

HAIL STORM NEAR CLEARMONT

A severe hail storm east of Clearmont Thursday night cut down the corn and did considerable damage to other vegetation. Hail stones fell that were all the way in size from hazelnuts to walnuts.

Latest Post Cards, 1 cent each, at Crane's.

Maryville, Mo.

WAS MARRIED IN KANSAS CITY WEDNESDAY

Orin Airy, youngest son of Mr. and Mrs. John W. Airy of this city, and Miss (Joe) Edith Tolliver of Bethany, Mo., were married Wednesday, June 14, in Kansas City, at the home of the bride's sister, Mrs. Fred Petty. Rev. Young, pastor of the Christian church at Bethany, performed the ceremony. The bride used to make her home in Bethany with Rev. and Mrs. Young.

Mr. and Mrs. Airy are well known in Maryville, as the groom was reared here, and his bride attended the State Normal and Maryville Conservatory several years. It was in this city, while she was attending our schools, that Mr. Airy met his wife.

Their many friends in this city wish them a happy and prosperous wedded life. They will live in Kansas City, where Mr. Airy has a nice position.

A GENERAL RAIN FALLING SATURDAY

A thunder shower came up Friday evening that cleaned the walks and laid the dust about town and cooled the extreme sultriness that had existed all day. There was a good breeze through the night, so everybody could rest.

Saturday morning a drizzling rain began falling at about 7:30 o'clock and has continued. People coming in on the trains from over the county report rain where they came from, so the showers seem to be general. If the rain continues it will be the best thing that has happened in many a day and will save the gardens and promote the favorable conditions for a great corn crop.

Lightning struck one of the cottonwood trees on the lawn of S. M. Redfield, North Mulberry street, during the shower Friday evening, and sent out big chunks and slivers of wood from the top of the tree in every direction. No other damage was done, except to frighten the residents near by and scare some little boys home out of the street, who were playing and seeing who could stay out in the rain the longest.

ON THEIR WAY TO PACIFIC COAST

Mr. and Mrs. W. Arch Saylor and little son, until recently of Clarinda, Ia., are in Maryville on a visit to Mr. Saylor's parents, Judge and Mrs. J. H. Saylor. Mr. Saylor has disposed of his interests in the National bank of Clarinda as its cashier, and in company with his family will start soon on an extended trip through the west, with a view of locating. They will also visit Mrs. Saylor's mother, Mrs. Fayette Smith, at Modesto, Cal.

IS TEACHER IN SCHOOLS IN PAOLO

Miss Katharine Ferguson of Paola, Kan., a State Normal student, went to Stanberry Saturday to visit over Sunday with her sister, Mrs. S. W. Hathaway.

Miss Ferguson is specializing in the study of art this summer. She is a teacher in the public schools of Paola, and is re-elected for the coming year.

CONSERVATORY QUARTET MADE A HIT

The Conservatory quartet, P. O. Landon, Lona Perrin, Harry Mutz and Orlo Quinn, sang in assembly at the State Normal Friday morning and made a big hit with the students and faculty. A member of the faculty said they gave as good numbers and rendered them as well as college quartets of big reputation he has heard. Of course they did.

Visited His Granddaughter.

George Litts returned to his home in Barnard Saturday morning, after a several days' visit with his granddaughter, Mrs. F. E. Whitechurch, and family at 1201 East Second street.

Miss Maud Clark and Roy Collins went to Savannah Saturday evening to remain over Sunday with Miss Clark's grandmother, Mrs. William Cobb, and her aunt, Mrs. Mary Griffith.

WON GAME EASILY

LOCALS DEFEATED NEBRASKA CITY BY SCORE OF 9 TO 2.

CLARINDA LOST GAME

Again Tying Maryville and Clarinda for Second Place—No Game Today.

Mink League Standing.

Auburn 8, Clarinda 2.
Falls City 9, Shenandoah 0.

Where They Play Today.

Maryville-Nebraska City game to be played on Sunday.
Auburn at Clarinda.
Shenandoah at Falls City.

Rotten support behind Miller and good sticking by the Comets tells the story of the second fight with Nebraska City, 9 to 2. With a good lead of three runs in the first, Nebraska City pounded out three hits in the third, scoring twice with only one down. Cowley pitched himself out of this hole, but as he was getting weaker all the time Wise was put in after Cowley had walked the first man up in the fourth. Four hits had been snatched from Cowley, but Johnny finished his six innings with only three being taken from him. Miller was hit nine times and a total of eight errors by his teammates helped shove him down to defeat. Sackett's error in the ninth alone prevented an airtight game by the Comets, but as Nebraska City gained nothing in the end by it, the slip didn't matter.

The first trio of counters for Maryville came in a rush at the first. With one down Dietz singled and stole second. Wintz made first on an error and Cook singled, registering Dietz. Hicklin let Cook's single roll past him in center, allowing Wintz to ring in and landing Cook on third. Walsh poled a long fly to right, which Bradley dropped, throwing Walsh out at second, however. Meantime Cook kicked up the dust on the last ninety feet of ground. DeCamp finished the inning by chopping out.

The fans were given some heart throbs in the third when the visitors began bruising the ball. Nemow doubled to right as a starter. Herman popped out to Walsh. Cowley gave Miller free transportation and Bradley singled, filling the bases. Phillip poled out a safety, scoring Nemow and Miller. Mann and Hicklin gave the signal for the curtain, flying out to Walsh and Sackett.

The sixth presented Dietz's army with another set of triplets. Wintz singled and was advanced to second when Phillips failed to handle Cook's grounder. Walsh singled, loading the corners. DeCamp popped one to third. Bacom singled, scoring Wintz. Woodruff tumbled Black's grounder and another tally was scratched up. Wise fanned and another error by Phillips furnished the last of the triplets. The gate was shut when Dietz was cut off at first.

The third three twins came in the eighth. Black walked and went to second on Wise's sacrifice. Sackett was hit by a pitched ball. Dietz singled to right and again the corners were crowded. Herman made a bad peg and run number seven hit the plate. Wintz singled, scoring the two ahead of him. A fly to right by Cook and chop stick movement by Walsh finished the inning.

In the next inning Nebraska City filled the bases with two down, and it looked as if they might score, but the confidence of a lead of seven runs kept the Comets steady. Wintz catching Bradley's liner for the third out.

hits, Mann, Woodruff, Black, Wise 2. Stolen bases, Sackett, Wintz, Woodruff. Struck out, by Cowley 1, by Wise 2. Bases on balls, off Cowley 2, off Wise 2, off Miller 3. Double plays, Cook and Bacom. Hit by pitcher, Sackett. Left on bases, Nebraska City 7, Maryville 8. Time, 1:45. Umpires, Barada and Sage.

Notes.

We won and Clarinda lost. We'll soon be crowding Falls City.

The fans shouted for Wray in the ninth, but Captain Dietz refused to put him in the box. Wray will probably not be used until away from home, which is the best thing to do, too.

Barada got away good yesterday. There was less kicking on his decisions on strikes and balls than any other umpire has had this season.

The players almost went to sleep on their benches yesterday, they were so quiet. They will soon be asking for feather beds.

The Comets have at last discovered the mystery of the southpaws. Just so they keep on with the research work, especially if Willford pitches against them Sunday.

Clarinda Easy for Auburn.

Clarinda, Ia., June 17.—Auburn, by timely hitting, took yesterday's game from the home team. The score:

R.H.E.
Clarinda 0 0 0 1 0 0 0 10—2 10 3

Auburn 2 0 1 0 4 0 0 8—12 13

Batteries—Walters and Harmony; Zanderman and Musser. Umpire—Kissane.

Makes Nine Runs in First.

Falls City, Neb., June 17.—Hard clouting, combined with Shenandoah's error in the first inning, won yesterday's game for Falls City. Score:

R.H.E.
Falls City 9 0 0 0 0 0 0 6—9 7 1

Shenandoah 0 0 0 0 0 0 0 0—0 2 4

SHOULD BE ADVERTIZED AS A SUMMER RESORT

Maryville should be advertised as a summer resort, a great watering place. If you don't believe it stay downtown some night and watch the fun. We'll not say anything about it, but if you want to know ask Frank Reuliffard, Dr. Harry Stinson, Ed Williams, Will Phares, Magnus Tate or any other suspicious looking person.

Miss Marie Loftus of St. Joseph, who is a student of St. Joseph's academy at Clyde, was shopping in Maryville Saturday.

The Weather

Cowherd Not a Candidate.

(By the Democratic Publicity Bureau.)

It is not generally known among Democrats out in the state that Governor Hadley inspired the dispatch sent out from Jefferson City recently announcing the candidacy of Hon. William S. Cowherd for governor. Democrats thought it strange that the announcement should come from a correspondent noted for his loyalty to Hadley, but it did not suspicion that the governor fathered it. It now appears that the announcement was entirely unauthorized and was in reality brought to Jefferson City by Governor Hadley.

Mr. Cowherd, than whom no better Democrat lives, has just written a letter to Senator Fields from which we quote the following of interest to every Democrat in Missouri because of the loyal party spirit it breathes:

"I do not intend to get into any fight for nomination for governor, and I have come to this conclusion for many reasons. While I would, as a matter of course, appreciate the honor of being governor of Missouri, and all the more because of my defeat in the last campaign, yet from a financial standpoint, it would be a great sacrifice; furthermore, I am exceedingly loth to put myself in the position of seeking the place as a matter of personal ambition regardless of whether it is the best thing for the party's interests.

"I realize that a campaign such as was waged the last nomination must necessarily have left many sore spots, and the fight made on me for election has quite possibly estranged a good many Democrats. Under these circumstances I feel that there may be a question among good party men whether I am a proper person to nominate.

"I do not want to be in the position of seeking nomination as a sort of personal vindication, and obtain it on that kind of a sentiment when it might be disastrous to the best interests of the party. If the nomination were tendered me, which I consider under the present situation utterly improbable, if not impossible, I would be glad to make the race, but I shall not get into a scrap with a lot of other Democrats, and go out into another bitter fight for nomination, leaving a lot of sore spots to turn up afterward to the party's detriment."

The letter speaks for itself, and the entire incident of the unauthorized announcement should put Democrats on their guard. The hope of the Republican party in Missouri is to stir up strife among the Democrats so as to rend the party with dissensions. They are not only trying to do this among the friends of gubernatorial candidates, but they are also trying to cause trouble between the friends of Mr. Clark and Mr. Folk over the presidential situation. It behooves every Democrat to be wise in his day and generation. Do not let the Republicans stir up a Democratic row anywhere along the political line. The admirable spirit of Mr. Cowherd's letter is worthy of imitation—keep the interest of the party paramount and do nothing that will jeopardize the success of the Democratic ticket in Missouri next year. Steady boys, all along the line, hold the Democratic vessel level.

Mrs. A. J. Luppold and son, Stewart, returned Friday evening from a visit with her parents, Mr. and Mrs. Olson, at Red Oak, Ia.

Miss Anna Davenport and her brother, Master Donald, went to Bolckow Friday evening to visit their grandfather, David Lilly.

MORE PAY FOR ARMY AVIATORS

Enlistment of 100 Special Operators Also Contemplated.

RESULT OF KELLY'S DEATH.

In the Armies of Europe Officers Detailed to Aviation Duty Are Given 10 Per Cent Extra Pay—Special Act of Congress Necessary.

Increased pay for army aviators is likely to be one outcome of the accident at San Antonio, Tex., that resulted in the death of Lieutenant G. B. M. Kelly of the flying squad. This is a matter that has been settled in the armies of Europe, where aviation is ranked as extra hazardous duty and the officers who have been trained in aviation are given a 10 per cent extra pay so long as they are on that detail.

No provision has been made in the American army for any special compensation to aviation officers, notwithstanding which there are many more applications on file for detail to the flying squad than can possibly be filled. It will take a special act of congress to give the increased pay, but the secretary of war has the matter under consideration, and if a satisfactory bill is drawn it will be presented to congress.

If this is done there probably will be presented at the same time a request that was incorporated in the last army appropriation bill, but which was stricken out. It was for the enlistment of 100 special aviators at \$100 a month. This, it is conceded, does not sound very large compared to the sums that individual aviators have earned with machines in the past two years. Still, compared with the regular enlistment pay of \$13 a month it is very satisfactory wages, especially as it will include food, clothes and quarters or a commutation for the same.

At present foreign service pay is the only extra pay that a soldier draws in the army. This is 10 per cent of his regular pay, and enlistment served outside the mainland counts as double time on the total of thirty years necessary for retirement. This inducement is enough to make the foreign service detail eagerly sought, as an enlisted man, if he serves ten years in this country and ten years abroad, is eligible for retirement on three-quarters pay and is then at an age when, with his army training and a good conduct record behind him, he can always get a good job in addition to his retired pay. With the same inducements applying to aviators, in addition to the increased pay, it is likely that there will be a rush for the places.

At present there is no intention of training anything but commissioned officers as aviators, and there are enough of the younger officers who are anxious for the detail. There are but four qualified aviators in the army, but it is intended soon to increase the number considerably.

BEE KING STUNG.

Wed on Two Hours' Acquaintance. Now Gets Divorce.

To show the court's disapproval of marrying on two hours' acquaintance Judge Monroe of Los Angeles, Cal., announced that he would withhold the decree of annulment of the marriage of W. T. Marten and Emma B. Marten for ninety days.

Marten, who lives in Pomona, was a member of the board of supervisors that built the present courthouse, has a big fortune and is known as the "millionaire bee king." In August, 1910, he subscribed for a matrimonial paper. One of the advertisements struck his fancy. It read:

"Am a farmer's daughter, aged thirty-seven, American, Presbyterian, kind hearted and loving, five feet six, weigh 180, perfectly healthy, fond of home life, can do any kind of housework, school education, light blue eyes, dark hair, fair complexion, sincere and will marry soon if suited."

This was Emma J. Bennard of Washington, N. J. In October Marten sent her a ticket and \$25 for her expenses to California. Two hours after she arrived they were married.

CUMMINS AN ARISTOCRAT?

Curtains in the Senator's Office Suit Cost \$300.

When Albert B. Cummins first ran for governor of Iowa it was charged that he was "a blooming aristocrat who never drank anything but champagne and bated awfully to speak to an ordinary man." Cummins proved that it wasn't so and won.

The ancient charge may be revived. It has been discovered that the curtains of each window of Senator Cummins' office suit cost \$300.

Great, heavy velvet draperies, tied with massive silken cords, lined with the daintiest raw silk, these splendid hangings are severely simple. The hangings were inherited with the office suit.

The offices used to belong to Senator Hale of Maine. He was chairman of the appropriations committee and entitled to whatever he liked. He had it. When Hale moved out as a senator his suit went to Cummins.

HAS INVENTED DIRIGIBLE SAFETY AIRSHIP

The Democrat-Forum is pleased to present to its readers a view of the dirigible bi-parachute, or safety airship, that is the invention of Professor Nicholas M. Sowder of Maryville.

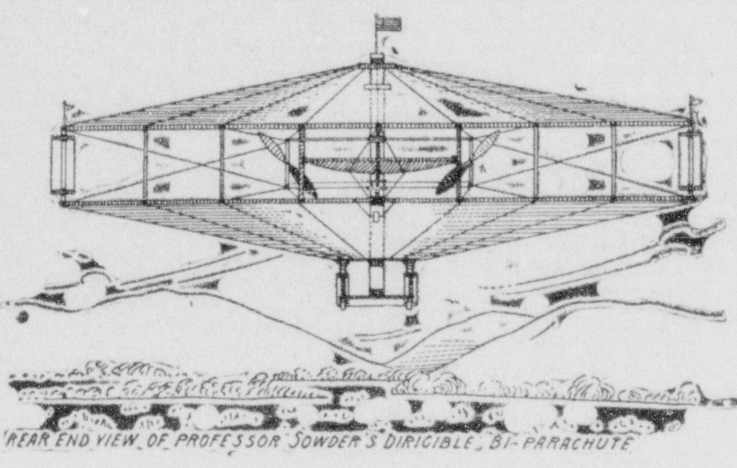

Professor Sowder and Mrs. Sowder have been living at Beatrice, Neb., the past year, where he was principal of the high school. They will be here for the summer with Mrs. Sowder's mother, Mrs. L. J. Perry of East Third street, and Professor Sowder's mother, Mrs. N. M. Sowder of Pickering.

Professor Sowder is also the manufacturer and exhibitor of his invention. The principal merit he claims for his airship is absolute safety and comfort.

It is so perfectly constructed that if the engine "misses," the propellers stop or the rudders break, the machine gently falls at the rate of three feet a second, and is glided by more movement of the body, giving sufficient time to choose a safe landing.

It works in all kinds of weather.

Capsizeing is impossible, because equilibrium is maintained automatically. The center of mass is below the center of buoyancy, and the metacenter sufficiently above the center of

REAR END VIEW OF PROFESSOR SOWDER'S DIRIGIBLE BI-PARACHUTE

mass to give the maximum stability.

No preliminary run on the ground is necessary to make the ascent, and its descent is perpendicular or at any angle desired.

A midair stop can be made, as the propellers may be started and journey continued without descending.

If the engine should stop in midair it would descend slowly, as stated before, but the journey may be continued, as two independent engines are used, because the ship does not require the great propulsive force that other machines do.

The speed attainable is from ten to seventy miles an hour with perfect safety. Racing is possible, but with less safety.

Anyone capable of operating an auto can fly the bi-parachute.

There is not a weak part in the machine, as the bracing is perfect.

The machine is made for family excursions, amusement, military work, mail service, and many other services that may be desired.

A hangar is not necessary as it is quickly assembled and disassembled. The cost of a bi-parachute is from \$2,000 to \$6,000.

Dad's Boy.

Ma's bridge club met at our home last night and this mornin' dad snickered so, all the time he was eatin' his breakfast, he could hardly swallow. Ma was more or less subdued, 'cause she knew dad had caught her with the goods on for once, but, nevertheless, she wasn't so darned subdued that dad felt safe in crowdin' the thing too far. Dad finally said: "We're havin' nice weather this spring, ain't we, Mary; a little bit stormy last night, but it'll clear off in a few days, I guess." And then dad just leaned back in his chair and laughed fit to kill himself. Ma's eyes flashed out all kinds of daggers and other firearms and she kicked the cat clean across the room when she said: "You think you're awful smart, don't you, makin' remarks and gigglin' about the weather. I know what you're thinkin' about and I want to tell you right now that there's some women what'll never be invited to my house again as long as I live. I had the high score myself and was entitled to the prize, even if the club did meet at my house. When I get down so low," says ma, "that I have to mark up my score card in order to win a prize, I'd quit playin', that's all. Course I ain't callin' any names, but two or three of the ladies what had low scores come to me after it was over and told me they played next to the last game at the table with the cheat what took the prize and that her score then wasn't no higher than theirs." Dad don't never take no mean advantage. He stopped laughin' and said: "Well, never min, be a sport, Mary. If you gamble, you mustn't be a welcher."

News of Society and Womens' Clubs

"At Home," June 22.

Mrs. J. E. Melvin, Mrs. O. L. Holmes and Mrs. Melvin's daughter, Miss Ruby Melvin, have issued invitations for an "at home" Thursday afternoon, June 22, at the Melvin home, 203 West Lincoln street.

Reception Well Attended.

The reception to welcome the students who have entered for the summer term, given in the First Christian church parlors Friday evening by the Philathea and Good Fellow classes, was attended by fully 300 young people. The threatening storm prevented many coming. On the arrival of each student he was given a slip of cardboard, on which his name was written in red ink, and a pencil, and directed to the auditorium, where an entertaining program was given, consisting of an organ solo by Miss Ola Smith; a vocal quartet by Miss Marjory Wilfley, Miss Blanche Shipps, Miss Mildred Robinson and Miss Ruth Reulard; reading by Professor Miller of the department of expression of the State Normal; trombone solo, Paul Basford; reading, Della Henderson; double quartet, a vocal number, by H. J. Becker, Kenneth Frazier, Ernest

left Saturday morning for St. Joseph to meet Mrs. Spickerman and two other little daughters, who have been visiting Mrs. Donald Cady, and went to their home in Rockport.

Dinner Guests.

Miss Fannie Andrews, daughter of Mr. and Mrs. Ed L. Andrews, entertained at dinner Friday evening Mr. and Mrs. Roy Otis of Enid, Okla.; Mr. and Mrs. Drew Protzman and Roy Andrews.

At the Churches

Presbyterian Church.

Sermon by the pastor, Dr. C. P. Luce, at 11 a. m. Subject, "A Lesson Worth Learning." Miss Mildred Morrison will sing. A cordial welcome to all. At 8 p. m. a service of song and music. Miss Mildred Morrison will sing several selections and Mr. Ralph Eversole will render organ solos. The church choir will also assist. This will be the only opportunity of Miss Morrison's friends to hear her during her brief visit. Sunday school at 9:45 a. m. Christian Endeavor at 7 p. m.

First M. E. Church.

Dr. Ford will preach morning and evening. Sunday school at 9:30, W. F. Smith, superintendent. Miss Cora Gehr will have charge of the Epworth League service at 7. Topic, "The Development and Best Use of Spiritual Gifts"—Rom. 12:6-8; 1 Pet. 4:10-11. The next quarterly conference will be held Monday evening, June 26. It is hoped that all officers will be ready with their reports.

First Christian Church.

Bible school at 9:30 a. m. Morning worship at 10:45, with statement to congregation and short sermon by the minister, Rev. L. O. Bricker. Subject, "Eyes and Feet." Christian Endeavor meeting at 7 p. m. Evening worship at 8 o'clock. Subject, "The Message of the Church to this Generation."

First Baptist Church.

The pastor, Rev. Lee Harrel, will preach in the morning at 11 o'clock. Subject, "Great in the Sight of the Lord." In the evening at 8 o'clock the subject of the sermon will be "Redemption." In the evening President

TRUTHFUL ADVERTISING THE BASIS OF SUCCESS.

Since the Ingredients Entering Peruna Are Known, Its Power as a Catarrh Remedy and Tonic is Understood.

COLUMBUS, OHIO.—The active ingredients entering the most popular household remedy in the world have been made known to the public. This means a new era in the advertising of popular family medicines—Peruna leads.

Peruna contains among other things, golden seal, powerful in its effect upon the mucous membranes. Ced-on seed, a rare medicine and unsurpassed tonic. Cubebs, valuable in nasal catarrh and affections of the kidneys and bladder. Stone root, valuable for the nerves, mucous membranes as well as in dropsy and indigestion.

Cummings of the Iowa State Gleeon Band will speak a few minutes. Sunday school at 9:45 a. m. B. Y. P. U. at 7 p. m.

M. E. Church, South.

Regular services Sunday. Preaching by the pastor, Rev. W. J. Parvin, at 10:45 in the morning and at 8 in the evening. Sunday school at 9:30. Epworth League at 7 o'clock.

Rubbing Your Eyes Won't Help Them

If you eyes burn, smart or have a tendency to close up under a bright light, you need the services of an expert optometrist who can determine the cause of the trouble. Digging into them with your knuckles will not help them, even if they do feel better for a moment. Consult us about your eyes.

A Charming Woman

Is one who is lovely in face, form, mind and temper. But it's hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver, and Kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c at the Orear-Henry Drug company.

Is a Prudential Man.

Mr. and Mrs. James A. Stephenson and children, Helen and James, Jr.,

left Friday evening for their home in Colorado Springs, Col., after a visit with Mr. Stephenson's parents, Mr. and Mrs. James M. Stephenson, east of Maryville, and Mrs. Stephenson's parents, Mr. and Mrs. C. L. Wright. Mrs. Stephenson and the children had been visiting her parents, her brother, Prosecuting Attorney Wright, a sister, Mrs. R. C. Seal, in Maryville, and two sisters in St. Joseph, Mrs. Harry D. Snyder and Mrs. A. D. McHenry, for several weeks. Mr. Stephenson is a prominent Prudential Life Insurance man in Colorado.

Visiting at the Minister's.

Henry Parrott, bookkeeper in the First National bank at Liberty, Mo., arrived in Maryville Friday night and will remain over Sunday the guest of Rev. and Mrs. Lee Harrel.

RECIPROCITY UP FOR AMENDMENT

Second Stage of Measure is
Reached in Senate.

PENROSE IS READY TO VOTE.

Original Measure, Says the Pennsylvania Senator, Will Be Passed and That It Is Favored by Two-Thirds of the Members of the Upper House.

Washington, June 17.—The Canadian reciprocity agreement passed in to its second stage before the senate when the bill was formally taken up for amendment. The only committee amendment is the one offered by Senator Root, requiring all Canadian provinces to remove all restrictions on paper and pulp wood before the paper and pulp schedules shall be effective. When the bill was called up in the senate Chairman Penrose said the friends of reciprocity would be willing to vote at once without debate.

"It is strange," said Senator Smith (Mich.), "that a measure that threatens to throw a whole empire into competition with our people should not have a single friend to rise and explain or champion it on the floor of the senate."

Senator Smith declared he proposed to speak against the bill.

Senator Townsend (Mich.) announced his intention of offering an amendment directing the president to negotiate for wider reciprocity with Canada.

Statement by Penrose.

Senator Penrose of Pennsylvania, chairman of the senate finance committee in conference with President Taft confirmed the report that sixty senators are expected to vote for Canadian reciprocity, and predicted that within two weeks a date for a vote would be agreed on. He gave the president a detailed report of the situation in the senate and declared the bill would be passed without amendment. Later Mr. Penrose issued a formal statement in which he said:

"A careful canvass of the senate shows that sixty members, or substantially two-thirds, of the senate are in favor of the reciprocity bill, and more than that number will be opposed to the Root amendment. The senate will hold daily sessions from now on during the next two weeks; great progress will be made towards reaching a final vote on the measure. The bill will be passed at an early date without amendment. It will be well if it could be passed before the Canadian parliament reassembles in the latter part of July."

Wool Bill to Come Soon.

"The probabilities are that the wool bill will reach the senate in a few days and the finance committee will be called together for the purpose of considering the wool bill and the so called free list bill. It is well understood that the tariff board has been hard at work investigating the wool schedule and will be ready to report next December. It is not reasonable, therefore, to expect that the Republican majority in the senate will take up the wool bill until the tariff board report shall have been received."

"The free list bill opens up a wide range of tariff discussion and the finance committee is in receipt of numerous requests from all over the country asking for hearings on the numerous schedules of that bill. As there is no hearings on the bill by the house committee, it is only reasonable that opportunity should be permitted to various manufacturing interests concerned to present their statements to the senate committee and at an early date as possible the committee will hold such hearings so far as will be practicable between the long and continuous sessions of the senate to be devoted to the reciprocity bill, the early passage of which is in the first consideration of the present session."

WASTE PAPER STARTS FIRE

One Hundred Thousand Loss in Atchison, Kan.

Atchison, Kan., June 17.—Fire which started from burning waste paper in an alley here destroyed a department store, the Ebenezer Baptist church, one residence and greatly damaged two shoe stores and an ice plant. The damage is estimated at \$100,000, of which \$80,000 was sustained by the Clement & Bechtel department store. Carried by a strong wind, the fire swept to the residence district and for a time half of the city was threatened with destruction. The fire departments of St. Joseph, Mo., and Leavenworth, Kan., were appealed to for aid, but before they could arrive the fire was under control.

MAINE REDUCED TO SHELL

Iron Work Shattered by Explosion or Corroded.

Havana, June 17.—A greatly increased area of the wreck of the battleship Maine was exposed to view when the water level within the cofferdam had been lowered to a total of ten and a half feet below normal.

Everywhere the iron work exposed, if not shattered by the explosion, has been so corroded as to be reduced to a mere shell, making it highly probable that the plan to repair and float any part of the ship must be abandoned.

DIAZ IN SPAIN; GOES TO FRANCE

Former President of Mexico Now
in Foreign Lands.

MAKES TWO-HOUR STOP AT VIGO

On Account of a Report of a Demonstration Against the Old Executive Extra Precautions Are Taken by Authorities—Sails for Corunna.

Vigo, Spain, June 17.—General Porfirio Diaz, former president of Mexico, arrived in the harbor on the steamer Ypiranga, on which he sailed from Vera Cruz, Mexico, May 31.

According to such of his plans as were made public prior to his departure from Mexico, General Diaz will continue to Spain for an indefinite stay.

The Ypiranga, after a stop of two hours, proceeded for Corunna. General Diaz did not land, and during the stay of the vessel no unpleasant incident occurred.

It was reported that members of the progressive party and workmen had arranged to express their unfavorable opinion toward the former president in the event that he came ashore. As a precautionary measure the maritime authorities placed a naval guard around the Ypiranga as soon as it arrived. This guard included two launches filled with marines and the gunboat Hernan Cortez. Only passengers and others duly authorized were permitted to board the steamer. Balbino Davallo, the Mexican charge d'affaires at Lisbon, and Senor Daudon, Mexican consul here, went out to the vessel and greeted the general. Diaz told them that his health was not satisfactory and that he had suffered greatly during the voyage from an abscess of the jaw bone, which had become troublesome before his departure from Mexico.

REBELS REPULSE SOLDIERS

War Breaks Out in South Africa and
Troops Engage in Battle.

Cape Town, South Africa, June 17.—Nine hundred soldiers, taken to Liberte on the steamer Caledonia to reinforce the government troops in that vicinity, recently attacked the rebels and were repulsed.

Jules Deve, a citizen of France, and Max Hermann, a Belgian, both connected with the family of General Leconte, leader of the last revolutionary movement and who was recently expelled from the country, embarked on the French steamer Quebec for St. Thomas.

MACON BANK IN TROUBLE

Fails to Open Its Doors and Abell Dry
Goods Company Also Fails.

Macon, Mo., June 17.—Deputy Bank Commissioner Plank took charge of the Citizens' bank of Macon after the bank failed to open. Abell Dry Goods company is also closed. The store, it is said, was backed by the bank.

Lon Hayner, the cashier, whose daughter was married Thursday, has not been seen by his friends since shortly after the wedding.

Mason City High School Burns.

Mason City, Ia., June 17.—The Mason City high school, built seven years ago at a cost of \$78,000, burned. The building was struck by lightning. Insurance, \$58,000.

BAKER & HILL,

West Side Hardware.

Came Home in Automobile.

Mr. and Mrs. Clark Andrews returned Friday night from their visit at Council Bluffs and Shenandoah. They were accompanied home by their niece and nephew, Mr. and Mrs. Clarence Andrews of Council Bluffs, and Mr. Andrews' mother, Mrs. Andrews of Santa Barbara, Cal., who is the sister of Mrs. Clark Andrews, making the trip in Clarence Andrews' automobile. His son, Guy Andrews, is expected to arrive in Maryville Saturday evening.

Left for Arkansas.

Mr. and Mrs. Lin Brown and son, Master Milton, of Des Moines, Ia., who have been visiting Mr. Brown's sister, Mrs. John T. Yates, and family, south of Maryville, the past ten days, left Friday evening for Siloam Springs, Ark., to visit Mr. Brown's father, W. M. Brown, and two sisters, Mrs. W. G. Oliver and Mrs. J. Buckmaster.

Visiting Son and Bride.

Mrs. Mary Lund went to Arkoe Friday evening on a visit to her son, Frank Lund, and his wife, who were recently married. Mrs. Lund was Miss Ann Partridge. Mr. Lund moved his barber shop from Maryville to Arkoe when he married.

Mrs. P. A. Hamm and children, Ward and Lavano, of Hopkins, and Willie Frederickson of Creston, Ia., were in Maryville Friday evening, going to Uingham, Ia.

Mrs. D. W. Owens and son, Adrian, of Wayside, Neb., are here on a visit to Mrs. Johnson Neal of near Pickering and Mrs. George Rose of Arkoe.

Get your barbering done at

Woodard's

It's the Sanitary Shop and nothing costs over 15 cents.

Money Invested in a Home Brings You Real Rewards

that cannot be measured alone in dollars and cents. There's satisfaction in knowing you have a home when possibly all other investments fail—it gives you a feeling of security and demands the recognition of your fellow townsmen, because by building you show your faith in the future of the community. And every community is known by its deeds. You can help and at the same time help yourself. A home investment is always the most meritorious, and loss is less likely because you are dealing in values you understand and with people you know. We have supplied the lumber for the homes of many of your friends who are now on the road to success, and want to talk with you whenever you're ready.
